- Few persons are able to tell in advance just what kind of Wall Papers they desire.
- Right selection is apt to be the result of a little study of the new papers. Seeing the papers gives suggestions and helps to form definite ideas.
- We are always glad to show you papers and as we have the latest and most artistic designs to show, we will both be helped, if you will take time to inspect our papers thoroughly.

A splendid good slogan for the city of Yale would be "Patronize your home merchants."

Old Glory floated from the postoffice and school building's flag poles on Tuesday, June 14.

The past few days we have had ideal summer weather, in fact a little too warm for comfort.

The annual school meeting of school district No. 1 will be held on the evening of Monday, July 11.

N. Kerr & Son have a fine large show window which displays goods to the best advantage. Last week we noticed an elegant line of Queen Quality shoes placed in the window. A handsome shoe is quick to catch the eye and the decorator of this window evidently knew it.

The Port Huron Creamery Co.'s station located in the building north of Nim's bakery, is doing an immense business since locating here. Bert Holden is the manager and is using every energy to secure cream for his company and is meeting with unparalleled success.

An electrical massage outfit has been added to Windsor's barber shop. This shop is equipped with all the latest appliances known to the tonsorial art. If you want a clean shave, up-to-date hair-cut, shampoo, face massage, bath, etc., you can get it and get it right. Give them a trial.

He is at the present time conducting a big discount sale. Mr. Ludington does not know what he will go at as yet but expects to get into some business again soon.

One of Sanilac County exchanges has the following to say of our good-looking friend in Sandusky:—"Fred A. Farr don't have to ask for the office of prosecuting attorney. It is carried to him on a double-plated platter, and all he has to do is to reach out and take it, an enviable compliment to a rising young man."

On Monday evening a party consisting of those who camped together at Lexington last year, gathered in A. V. Parmlee's apartments and proceeded to make merry, as this bunch is in the habit of doing. The occasion was in honor of Zella Beard and Clyde Adams. A delicious lunch was served and the hours were full of jollity. A handsome set of silver tea spoons was presented to Miss Beard by the guests.

We clipped the following from Saturday's Times-Herald's write up of the W.C.T.U. convention:—"Friday afternoon's meeting was full of interest and every number was a feature in itself. After devotional exercises had been completed, Mrs. Emily Yull, of Yale, read a paper on 'What Women Should Know About W. C. T. U. Work.' It was a most comprehensive address dealing with the scope of the union since its inception. It showed that there are now 500,000 members of the W. C. T. U., and that it is organized in every country in the world, and every territory of the U. S., in Alaska, the Philippines and the canal zone. The union is represented by three round-the-world missionaries, who act as organizers in the new countries they reach."

In sickness, if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a stomach nerve or it may have given strength and support to the heart or kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to dose the stomach nor to temporarily stimulate the heart or kidneys. That old fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once and see! Sold by Pollock & Hennessy.
